1 | About the Rentberry Cryptonomos

Rentberry Cryptonomos is one of the most transformative technologies since the invention of the Internet. Cryptogenic strongly supports the financial freedom that Bitcoin and other altcoins provide worldwide for anyone wishing to voluntarily participate in the permitting and decentralized network.

Our data center is located in a low-temperature area that significantly reduces the cost of cooling equipment and achieve effective reduction of energy costs.

By attracting new investment in our company, we will expand our power Park in two and a half times that will allow to maintain a stable payment of dividends due to the mined cryptocurrency.
